A SIGN OF DISTINCTION.

Comlux Aviation flies ahead of your every desire. Simply inform us of your requirements and then look forward to the very best, borne aloft by our Spirit of Excellence. For us, every request – for aircraft charter, sales or management – is a challenge to set a sign of distinction. Our all-round aviation expertise, luxury at the highest level, genuine Swiss quality standards, one of the youngest fleets in the sky and a highly professional team make us certain of one thing: we can lay the world at your feet. You demand only the very best and appreciate the finer things in life. This is why we are certain you will enjoy the following overview of our services.

“A private jet to Nice, a suite
for two, and a yacht to relax.”
Be our guest.

AIRCRAFT CHARTER | PRIVATE

Conducting travel arrangements at the very highest level is an art form in itself. Which is why we celebrate perfect hospitality everywhere from 0 to 51,000 feet above the ground. The Comlux team takes the time to consider your personal holiday needs in peace and quiet. We spare no effort to meet your requirements to the best of our ability and down to the very last detail. In accordance with your instructions, we organize the aircraft of your choice, the crew, the right limousine, the mooring for the high-speed yacht and the breathtaking view from a charming hotel suite. With typically Swiss perfectionism, we guarantee the highest-possible standards for your safety, 100 percent flexibility in the event of changes of plan, and total relaxation.

“Wake-up call at 7 am, breakfast
over Iceland and a helicopter transfer
to downtown Houston.”
With pleasure.

Look upon us as a flexible part of your organization. Once you make initial contact with our Executive Charter Service in Zurich, our thoughts and actions are committed to you and your plans 24 hours a day, seven days a week, anywhere in the world. We keep you ahead by organizing communications between you and your company so efficiently that it will feel as if you are in your own office. A wide range of destinations, seamless timetabling, rapid helicopter transfers, the best tables in the most discreet restaurants for you and your business associates, a personal trainer to keep you on top of your game: all of this and much more will function perfectly, with the precision of a Swiss watch, leaving you time in your busy schedule for life's essentials.

“Direct access to our limousines,
separate quarters for the bodyguards
and absolute discretion, as usual.”
Roger, Sir.

AIRCRAFT CHARTER | GROUPS

For heads of state and their staff, for royalty and their families, for premier-league sports teams or for the selected, international clientele of leading corporations, Comlux Aviation offers all-inclusive packages that leave no desire unmet. We ensure that our master plan is as precisely organized as contingency plans B and C. Thus, no matter how complex the assignment, we guarantee that everything can be relied upon to work with absolute precision every step of the way. Accompanied by proverbial Swiss discretion, our guests and clients can savour the Spirit of Excellence in its purest form. Because the higher the expectations, the more we strive to excel ourselves. But why not sample our expertise for yourself. All you have to do is ask.

“At least 38 kN thrust at take-off,
11 genuine leather seats,
one month from now.”

Count on it.

When you buy an aircraft, certain important criteria clearly need to be met. Perhaps more crucially, the desire to own an aeroplane is about fulfilling your personal dream of flying. Despite over 30 years' experience in the purchase, sale and completion of customized aircraft, we find every new order a special challenge. Getting to know you personally, analyzing your needs, providing advice, negotiating and supervising the contract, tailored acceptance of your aircraft and introducing it into service: these are all essential stages in a process based on partnership. We expand our clients' horizons, because once they have worked with us and established a relationship founded on genuine trust, they are happy to come back to us. As might be the case if they require aircraft operation to help complete their acquisition with more efficiency.

„Fuel it up, check the
champagne and book it
for Monday, the 24th.“
Consider it done.

AIRCRAFT OPERATION

Comlux Aviation stands for competence and luxury. And when it comes to all-round support if you choose to purchase your own aircraft, the one begets the other. Our aircraft operation services come entirely from one and the same source. They are available on a daily basis through a single point of contact and bear all the unmistakable signs of Swiss quality. Whether optimizing your aircraft ownership and tax structures, cost accounting or planning your flight, our specialists handle all your requirements in accordance with stringent JAR OPS 1 Regulations (Commercial Air Transport) and intensive Quality Assurance Programs. Apart from this, we have the infrastructure to take care of all your air travel requirements: from mandatory inspections, maintenance and insurance through to managing and training your aircrew; from refuelling in Sao Paulo, obtaining airspace permission over China, planning your flight across the Pacific and the 1000 other details needed to make your flight a success. All that remains for you to do is lean back and enjoy.

“Miles Davis, but not too loud and a glass of the wine you recommended last time. Oh, yes, and keep me up on the Japanese stock market, too.”
At your service.

COMLUX TEAM AND CREW

When selecting staff and crew, Comlux Aviation demands only the highest professional qualifications, honesty and integrity. Without exception. We train our staff with typical Swiss thoroughness, giving them the assuredness of connoisseurs that will enable them to meet the expectations of a highly cultivated clientele. Rather like an academy of art, we foster the joy of discovery and independence. Training in top security, medical care, international etiquette, gastronomy, guest relations and lifestyle takes place at the very highest level and manifests itself in an exclusive culture created to cater to our clients' every wish. As a passenger, you will benefit from the professionalism and intelligent initiative that are integral to our service. Every single member of our crew enriches us and grows with us. They are all ambassadors of our Spirit of Excellence.

Challengers, Global Express, Airbus ACJ and
any other transport solution in the sky.
Welcome aboard.

Comlux Aviation maintains one of the youngest fleets worldwide. Our specialists have many years of valuable experience in the purchase and operation of business jets, and this is reflected in the highest-possible quality standards, the luxury furnishing and fittings, and state-of-the-art equipment for safety, security and entertainment. For the aircraft interiors, the Comlux experience guarantees meticulous attention to detail and a love of perfection in craftsmanship.

Comlux Aviation will be happy to provide the right aircraft for your needs from its own fleet. If you have other requirements – from a tiny jet to a wide-body airbus – we will seek out the ideal solution for you through our network of selected partners. And you can depend entirely on the Swiss reliability and safety we cultivate in everything we do.
